### **Organizational Changes within Love Is...**

VALLEJO, CA, Apr 28, 2022 - Since the beginning of the COVID-19 Pandemic, Love Is... has been hit hard with the loss of board members, loss of programs, and reduced number of volunteers/seniors. However, we will continue to surge forward to surpass these struggles and continue supporting our community in the best way possible. Here are some changes that have happened within our organization in the past two years.

#### **Personal Change:**

In early 2021, Love Is... nominated and interviewed Anastasia Pavlova to join the Board for Love Is... Anastasia was offered to be on the board of directors and she gladly accepted the offer. In mid-2021, we said goodbye to Maria E. Aranda as she took a step back from Love Is.. Board of Directors. She continues to serve her community by volunteering with Love Is... regularly. Love Is... also said goodbye to another board member and Vice President, Cherly Roberts.

With the vacancy of a Vice President position, the Board conducted an election during their 3rd Annual Conference. Voted into positions were Lynn Castro, President, Romalda Esperanza, Vice President/Secretary, Anastasia Pavlova, Treasurer, and Delesa Franchisca, Historian.

#### **Organizational Change**

During Love Is... 3rd Annual Conference, it was voted to end the program, Once Upon a Prom. Back in 2020, the program was halted to a stop in the midst of visiting various schools. Schools that were visited were American Canyon High School, Vallejo High School, MIT Academy High School, and Armijo High School. Due to the pandemic and COVID-19

protocols/guidelines, the Board came to the conclusion to end the program and donate the gowns to Vallejo High School so they may continue the program within their school.

After viewing the aftermath of the pandemic and the hardship it took on our senior citizens, Love Is... has switched their priorities in helping the community as a whole to helping local seniors within the Solano County area.
